**"Let Food be thy medicine & medicine be thy Food"
Hippocrates, Athens 460 BCE**

We were born and raised in Xanthi, a small town in Northern Greece. Our fondest childhood memories involved our beloved grandfather's farm. Always surrounded by all kinds of farm animals, such as sheep, goats, chickens and pigs, we learned about the importance of sustainable and ethical farming from a very young age.

After many years of experience in the Hospitality & Food Industry in Greece and in Europe we, Dorotheos, Alexandros, Victoria & Glenn decided to spread our love for Greek Yogurt in the US!

We created "Home of Greek Yogurt"! It is our firm belief that nutritious and healthy food, combined with a calm environment and the celebrated Greek Hospitality are the key ingredients to a happy life. And that's exactly what we tried to portray in our "Home of Greek Yogurt"!
